### The Wine

Since our inception in 2005, we have been producing Educated Guess Cabernet Sauvignon as an answer to Napa Cabs that are two, three, or four times its price. Educated Guess's quality equals its value—sourced from some of Napa's best vineyards (think Beckstoffer Georges III and Oakville Money Road), using only the best grapes. Though this wine is **consistently lauded—having received Best Buy, Top Value, or Best of Class** from every major wine publication every year since 2005, including **#1 Selling Napa Cabernet under \$50**—the depth of consumer loyalty is what makes us most proud.
